About the Foundation

Strummin' is made up of a large group of hardworking volunteers, a great amount of which are guitarists sharing their talents with the audience. In addition to over 80 guitarists, Strummin' is also home to a large number of well-known (as well as up-and-coming) singers and musicians, hardworking crew members, and a committee that attempts to take the project to bigger and greater heights every year.

With its very first edition being held in November 2002, Strummin' has developed to become one of Malta's most awaited charity concerts. The audience is treated to well-known rock tunes, timeless classics and a small selection of current ear-worms. In 2017, Strummin' began its process in establishing a foundation in order to have more autonomy and bridge out into new projects in line with its aims. The aims of the Foundation remain education, collaboration and philanthropy.

Over the years Strummin' has worked with some of the best musicians locally, most of which are still in contact and collaborate on its projects. Some of these musicians have also started with Strummin' as kids or teenagers and used Strummin' as a platform to better develop their talents and to make connections that have stemmed into a number of projects.

In 2019, the Strummin' Foundation was established to build on the lessons learned from the past seventeen years, so as to:

- encourage young people to express their creativity through music
- **b** to provide educational programmes and resources to facilitate this
- Create an environment that promotes collaboration and networking between musicians,
- b build projects that allow young people to develop skills and gain new experiences, and
- **b** to raise funds for humanitarian projects.

We support our community

The Strummin' Annual Concerts (2002 - ongoing)

Running since 2002, the Strummin' concerts have been a platform of growth and entertainment to countless experienced and budding musicians and singers. We organise concerts that are a source of fund-raising for various local charities such as Richmond Foundation, The Malta Community Chest Fund, Puttinu Cares, Dar Suret il-Bniedem, the St Jeanne Antide Foundation, The Malta Colorectal Cancer Awareness Group, Dar Frate Jacoba and Dr Klown.

Our concerts have seen a record number of guitarists on one stage at a time (85 guitarists in 2013) and has led to several collaborations between musicians contributing to Malta's music scene. The sense of community the concert has created in its 19-year history cannot be quantified.

We promote music education

Back to Basics - Summer 2019

We organised a guitar course for complete beginners. The course was held over Summer empowering a number of teachers to pass on their knowledge to newbies. Unlike normal guitar lessons, the course was aimed at not only teaching basic guitar skills, but creating a better appreciation towards the instrument and guiding the group on playing techniques.

We nurture talent

Original song releases

We perform and have fun
